There is only slight variation in the strokes of the centending crews. In their communication the faculty members refer to the "belief by many that the desire to win has come to overshadow the legitimate purpose of athletics to such an extent as to form a serious menace to the primary purposes of college life."

They believe that a suspension of the two sports will tend to establish a harmony in the relation of athletics to study. Along also ran.

HANDICAP TO FAUST

Frank Brown's Entry Wins at Jamaica by a Head.

Lightwool and Faust Have Stirring Contest, but the Favorite Has Bad Racing Luck and Is Second-Right Sort, at 50 to 1, Takes the First Race-Golden Pearl Wins the Last.

New York, May 8 .- In a driving finish, Frank Brown's Faust, backed down to 8 to 1, won the Kings Handicap at Jamaica to-day by a short head. Faust was superbly ridden by Sumter, who never relaxed in his efforts to keep the son of Mirthful extended to the limit of his endurance. All through the home stretch Faust was hooked up with Lightwool, the favorite, who had been the victim of much crowding and rough riding in the earlier stages of the race.

Lightwool, under the circumstances was probably the best, but racing luck was against him. Spooner cut out the pace for three-quarters of a mile, with Lightwool and Faust so close to him that it was anybody's race to the head of the stretch. Lightwool was in a pocket on the far turn, but Garner finally got him through on the rail. Then Spooner quit and Faust moved up on the outside Sumter showed splendid judgment in not taking his mount to the front until the proper moment. Opposite the field stand Lightwool and Faust were running like a team. They were so close together that the jockeys were elbowing each

other and fighting for every inch. Garner was practically pinned on the rail. When the race was over he went before the stewards with a complaint against Notter, who, he said, had interfered with Lightwool in several instances finished third.
